

ABOUT US

GLH Inc. was established 1992 as a consulting and service organization. Our Founders have more than 60 years active experience in the medical field.

Our products come from the leading surgical instrument manufactures located in the Medical Valley of Tuttlingen Germany. Tuttlingen is known as the, 'Surgical Instrument Capitol of the World ,'

GLH Inc. has a long tradition of working with manufactures and leading surgeons in close collaboration, consistently develop and refine better instruments. We combine both tradition and innovation in our pursuit of excellence.

Our products utilizes the newest manufacturing methods and are built with the skilled hands and trained eyes of highly qualified craftsmen to produce instruments that exceed our quality standards. We are proud to state that our instruments are „Made in germany“.

To ensure the highest level of quality, our products are subject to a number of regulations such as DIN/ISO 9001, ISO 13485 and the FDA Good Manufacturing Practices. These standarts are applied to all stages of the design, development and manufacturing process.

Our goal is to deliver superior surgical instruments as well as professional and efficient repair solutions to our customers.

GLH Inc. Management

Dissecting scissors, curved with:

- ceramic coating
- tungsten carbide
- super cut edge
